No. P. 9/B of 1938.

OFFICE OF THE SURGEON GENERAL
WITH THE GOVERNMENT OF BOMBAY :

Bombay, 16th July 1938.

From

Lt.-Colonel M. J. HOLGATE, O.B.E., I.M.S.,
Surgeon General with the Government of Bombay,
Bombay No. 1 ;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

*Subject.*—Annual Report on Civil Hospitals and Dispensaries for the year 1937.

Sir,

I have the honour to submit for the information of Government the annual report on Civil Hospitals and Dispensaries for the year 1937.

## BUILDINGS.

2. (*a*) *Major Works.*—The following works were carried out during the year at the total cost of Rs. 71,863 :—

(1) Improving the sanitary condition in the compound of the J. J. Hospital, Bombay, at the cost of Rs. 12,194.

(2) Improvements to kitchens at the J. J. Hospital, Bombay, at a cost of Rs. 22,705 of which Rs. 4,984 were met out of the Governor's Hospital Fund.

(3) Extension of Labour Ward and construction of quarters for House Surgeons at the Cama and Albless Hospitals, Bombay, at a cost of Rs. 25,211 of which Rs. 16,000 were met from the donation by Mrs. C. D'Monte, L.M. & S., J.P.

(4) Construction of a Maternity Ward in the compound of the Civil Hospital at Karwar, at a cost of Rs. 11,753 of which Rs. 9,000 were met from the donation by late Mr. S. M. Kulkarni of Karwar.

(*b*) *Minor Works.*—Additions and alterations to hospital buildings costing Rs. 48,900 were carried out at various hospitals.

## Bombay Hospitals.

3. A post of Principal, Grant Medical College, and Superintendent, J. J. Group of Hospitals, Bombay, was created during the year. This appointment replaces those of "the Lay Secretary for Hospital Administration" and of the Superintendents of Hospitals, called J. J. Group of Hospitals. There is now one Officer controlling the supplies, inferior staff, and the care of buildings and gardens, etc., of these hospitals and a distinct advantage is also gained to the academic side. It is most important from the academic point of view that the Offices of the Principal of the College and of the Superintendents of Hospitals attached to it, should be correlated. The new appointment achieves this object.

A new feature of the year was the opening of the Psychiatric Department at the J. J. Hospital, Bombay, with the help of the services of an Honorary Psychiatrist who attends the Department two days in a week.

Auxiliary out-patients Departments for Ear, Nose, Throat and Eye cases have been opened at the G. T. Hospital, Bombay, and the appointments of Honorary Ophthalmic Surgeon, Honorary Dental Surgeon, Honorary Venerealogist, Honorary Aural Surgeon, Assistant Honorary Physician and Assistant Honorary Surgeon have been sanctioned.

## Mofussil Hospitals.

4. X-ray apparatus were installed at the following hospitals :—

(1) Civil Hospital, Ahmednagar .. Cost met out of the funds collected from the public, Local Bodies, Silver Jubilee Funds, etc.

(2) Civil Hospital, Jalgaon .. Cost met out of the contributions from Local Bodies and Hospital Fund.

(3) With a view to obtain more satisfactory results in radiography of chest, etc., the old X-ray apparatus at the Civil Hospital, Surat, was replaced by a new one at a cost of Rs. 5,777. Part of the cost, viz., Rs. 4,500 was met out of the donation from Miss Manijeh Mancherji Doctor and the rest by Government.

## Advisory Committee.

5. During the year 1937 an Advisory Committee was established at the Vithal Sayana Civil Hospital, Thana.

## Rural Medical Relief.

6. The Subsidised Private Medical Practitioners appointed in the six districts, viz., (1) Ahmednagar, (2) West Khandesh, (3) Nasik, (4) Ratnagiri, (5) Belgaum, (6) Karwar, are doing good work and the facilities afforded have been fully availed of by the public in rural areas of these districts. Government having been convinced of the popularity and the utility of such a scheme have decided to extend it by opening 200 new centres in the Province and putting them in charge of Subsidised Private Medical Practitioners, in Allopathic, Ayurvedic and Unani systems

of medicine. The conditions of service for the Allopathic practitioners will be the same as those of last year with this change that the annual grant for medicine will be Rs. 350 instead of Rs. 400. The Ayurvedic and Unani practitioners will get Rs. 30 as monthly subsidy in addition to fixed travelling allowance of Rs. 15 per mensem. The annual grant for medicine for such practitioners will be only Rs. 150.

Under this scheme the liability of the District Local Board has been limited to 1/5th of the total expenditure the remaining 4/5th being borne by Government. This will also be applicable to the six centres already opened. The scheme is in progress.

### Appointment of Nurse-Midwives.

7. As part of the programme of medical relief in rural areas Government sanctioned in October 1936 a scheme providing for an increase in the number of qualified nurse-midwives attached to Local Board dispensaries on payment of a subsidy equivalent to 33⅓ per cent. of the cost of nurse-midwives actually maintained, subject to a maximum of three nurse-midwives, in addition to any kept at present at its dispensaries. Subsequently the scheme was amended so as to enable District Local Boards, which for any reasons considered sufficient by the Surgeon General, were unable to appoint the full quota of three nurses, to entertain a smaller number of nurses on the understanding that Government grant would be limited to 33⅓ per cent. of the cost actually incurred. As, however, the response of the District Local Boards was not very encouraging, since only 3 District Local Boards participated in the scheme, Government found it necessary to modify the scheme by raising their contribution to 4/5th of the total cost of maintaining 4 nurse-midwives in each district except the Bombay Suburban District. Under the scheme the total number of nurses to be appointed in the Province will be 76. If for any reason a particular District Local Board does not desire to appoint the full quota, viz., 4, the Surgeon General has been allowed the discretion to permit any other Board or Boards to entertain more nurses than the quota allotted to them provided the total number of 76 is not exceeded.

The cost to Government of appointing each nurse-midwife under the revised scheme is (Rs. 40 pay + 10 house rent=50 × 4/5=40) Rs. 40 per mensem or Rs. 480 per annum. The total cost per annum therefore will amount to Rs. 480 × 76 =Rs. 36,480.

Almost all the District Local Boards have agreed to participate in the scheme as finally modified by Government and the appointments of nurse-midwives are being made.

### Tuberculosis Clinics.

8. The six tuberculosis clinics opened in 1937 are doing useful work in fighting tuberculosis. The opening of three more clinics at the Civil Hospitals, Dharwar, Broach and Dhulia is separately under consideration at present.

With a view to rendering assistance by improving diagnosis in the campaign against tuberculosis, it has been proposed to Government that facilities for free microscopic examination of sputa should be afforded at the hospital laboratories. If Government approve of the proposal the extension of these facilities to all private registered medical practitioners will be considered.

Civil Surgeons have been asked to arrange short instructive course of lectures and clinical demonstrations on the prevention, diagnosis and treatment of tuberculosis in consultation with the Medical Officers in charge of Anti-Tuberculosis clinics and local Medical Associations of the cities where they exist.

## Leprosy.

9. It is considered that proper facilities for the treatment of leprosy should also be afforded at the several hospitals and dispensaries in the Bombay Province. Accordingly Civil Surgeons and the Medical Officers under them in the Districts have been instructed to take up the treatment of leprosy at their respective institutions.

*Statement A.*

10. The total number of institutions open at the beginning of the year under report was 428. During the year 8 new dispensaries were opened, 1 was closed and 12 were transferred to other departments being now no longer under this Province. The number of institutions open on 31st December 1937 was 423.

*Government Scholarships and Freeships.*

At the B. J. Medical School, Poona, six scholarships of Rs. 15 each per mensem were granted to lady students. Similarly two scholarships of Rs. 15 each per mensem were granted to lady students at the Medical School, Ahmedabad. Besides these scholarships the usual free studentships were given to poor and deserving students.

From this year the standard of the preliminary educational qualification for admission to the Medical Schools has been raised from the Matriculation Examination to that of the Inter-Science Examination (B Group).

The conduct of the staff at both the Medical Schools was satisfactory and the students showed perfect discipline.

*Grant Medical College, Bombay.*

*Government Scholarships and Freeships.*

Four scholarships of Rs. 40 each per mensem were given to women students during the year. There are no freeships available at this college.

*Income and Expenditure.*

The receipts and expenditure of the college are shown in the subjoined table :—

| Receipts. | | Expenditure. | |
|---|---|---|---|
| Items. | Rs. | Items. | Rs. |
| College Fees .. .. | 1,86,551 | Pay of Officers .. .. | 1,16,865 |

* Credited to XXXIX-Civil Works.

† Of this total expenditure, 30·7 per cent. was met from Provincial funds and the rest was met from the College fees and other sources.

*General.*

The appointment of the Professor of Psychiatry was created and Mr. K. R. Masani, L.R.C.P., M.R.C.S., D.P.M., was appointed to it from 26th April 1937.

The construction of the New Hostel for students named as the "Ramchandra M. Bhatt Hostel" was begun. The Foundation-Stone-laying ceremony was performed by Sir Temulji B. Nariman, Kt., on 15th November 1937. The work will be completed soon.

Instead of the donation of Rs. 1,50,000 previously offered the Trustees of the late Mr. Ramchandra M. Bhatt, agreed to construct the building themselves and donate it to the college. This involves an expenditure of about Rs. 2,50,000 and is thus a further addition of about Rs. 1,00,000 to the already munificent donation made by the Trustees.

The revised system of clinical units necessary for the teaching of the clinical and non-clinical subjects, and the re-organisation of the staff of this College and the J. J. Group of Hospitals required for the purpose, has been sanctioned during the year under report. The new scheme will be brought into force from 1st April 1938, and the new arrangements of clinical teaching will be brought into force from June 1938.

In October 1937, a new combined appointment of the Principal, Grant Medical College and Superintendent, J. J. Group of Hospitals was created, and the Principal, who was the Dean of the College as well as the Professor of Physiology and Histology, was relieved of all teaching duties.

*Haffkine Institute, Bombay.*

During the year under report, the Haffkine Institute continued to function as :

(*a*) a centre for manufacture of plague vaccine for the whole of India and other vaccines for the Bombay Presidency,

(*b*) the Provincial bacteriological laboratory for the Bombay Presidency,

(*c*) centre for the manufacture of anti-rabic vaccine for the Bombay Presidency and the adjoining areas and the treatment centre for the Bombay City,

and carried out research work on plague and other subjects largely with the assistance of the Indian Research Fund Association.

2. *Sera and Vaccine.*—The following quantity of vaccines was issued during the year 1937 :—

| | Doses. |
|---|---|
| Plague Vaccine .. .. .. .. | 1,324,337 |
| Cholera Vaccine .. .. .. .. | 640,970 |
| Meningococcal Vaccine .. .. .. | 10,779 |
| T. A. B. Vaccine .. .. .. .. | 9,325 |

The undertaking by the Institute of the supply of therapeutic anti-toxins and sera to Government hospitals has proved a success and demands for the sera are increasing.

3. *Anti-rabic section.*—There are now 83 treatment centres in this Presidency, 14 of which were opened during the year. 6,375 treatments were issued to these centres and 3,014 patients were fully treated at the Institute, which makes a total of 9,389 treatments for the year. When this section was opened in 1922 only 672 treatments were issued during that year. The increase in treatments does not necessarily indicate an increase of dog-bite cases in the Province, but on the contrary to the fact that people make greater use of the treatment, largely because the treatment is more easily accessible to a larger number.

4. *Diagnostic Department.*—Over 7,000 specimens sent by various Government hospitals and dispensaries were examined. The number of Wassermann reactions carried out was 3,138 and of Kahn tests was 2,812.

5. *Biochemical Unit.*—The Unit has continued to prove of great value to hospitals in their diagnostic work. In addition the unit established normal standards for red blood cells, hæmoglobin, colour and volume indices for Indians. Similarly normal standards for Indians for non-protein nitrogen content of blood were worked out. The establishment of these standards should prove of great value to clinicians. The evaluation of laboratory findings in disease conditions are of value only if they can be compared with similar findings in health.

6. *Researches.*—Researches in plague and pharmacology were carried out at the Institute with the help of a generous grant from the Indian Research Fund Association.

7. *Finance.*—The following table shows the receipts and expenditure of the Institute for the year 1937 :—

| Receipts. | | Expenditure. | |
|---|---|---|---|
| | Rs. | | Rs. |
| Sale proceeds of sera, vaccines, etc. .. .. | 3,62,575 | Pay of officers .. .. | 76,671 |
| | | Pay of establishment .. | 77,197 |
| Miscellaneous .. .. | 2,125 | Allowances, Honoraria etc. | 11,178 |
| | | Contingencies .. .. | 1,49,773 |

*The Department of the Chemical Analyser to Government.*

A short summary of the amount of work performed by this Department during the year 1937 is given in the following table :—

| | Total number of cases investigated. | Number of articles examined. |
|---|---|---|
| Cases of Human Poisoning .. .. .. .. | 612 | 1,663 |
| Cases of Animal Poisoning .. .. .. .. | 38 | 236 |
| Stain Cases .. .. .. .. | 538 | 2,526 |
| Miscellaneous .. .. .. .. | 27 | 137 |
| General analysis and other work .. .. .. | .. | 6,520 |
| Total work .. | 1,215 | 11,082 |

The following financial statements on the working of this Department gives the income and expenditure for the year under report :—

| Income. | | Expenditure. | |
|---|---|---|---|
| Items. | Rs. | Items. | Rs. |
| Miscellaneous fees for Chemical Analysis .. | 4,368 | Pay of Officers .. | 17,291 |
| | | Pay of Establishment .. | 14,450 |
| | | Allowances .. .. | 1,589 |
| | | Contingencies .. .. | 7,234 |
| Total .. | 4,368 | Total .. | 40,564 |

Under income, the amounts credited to Government on account of fees received for analysis performed for private parties, are included.

Since 11,082 articles were examined during the year, the cost of analysis per article comes to Rs. 3-11-0.

In addition to the work for the various departments of the Provincial Government work was also done for the Government of India either as Agency work, for example, testing of explosives and petroleum or work for such departments as the Port Health Office, the Military Department, Political Agencies and testing of medico-legal exhibits of certain Cantonments.

## Port Health Department, Bombay.

### *Inspection and Disinfection Work.*

During the year 1937, 882 vessels of all classes with 168,174 crew and passengers were examined and the clothing, bedding and other belongings of 43,976 members of crews and passengers were disinfected. In addition, 32,416 coolies and stevedores' men were inspected to enable certain vessels to work cargo of ships in quarantine.

2. *Out-going Vessels.*—The medical examination of all vessels, crews, and passengers proceeding to ports beyond India, and disinfection of the clothing and bedding of 27,523 crew and 16,340 deck-class passengers without cabin accommodation were carried out prior to departure.

761 outward bound vessels with 58,033 crew and 57,006 passengers were inspected as against 777 vessels with 58,970 crews and 50,292 passengers during the preceding year.

3. *Disinfection and Fumigation of Ships.*—During the year under report 26 vessels were disinfected on account of infectious diseases. Under Article 28 of the International Sanitary Convention, 70 Deratisation and Deratisation Exemption Certificates were issued, the number of ships deratised by sulphur fumigation being 40, while the number of ships that qualified for exemption certificates was 30.

The Port Disinfection Station continued to receive clothing and bedding from various hospitals for disinfection. 5,555 such bundles were disinfected, as against 9,763 during the preceding year.

### *Red Sea Pilgrim Traffic, 1936-37.*

4. (*a*) *Outward Pilgrim Traffic.*—The outward pilgrim traffic for the year under report began on 15th October 1936. Altogether 5,336 pilgrims sailed for Jeddah from Bombay in 11 pilgrim ships. Prior to their embarkation all the pilgrims were medically inspected as usual and all dirty bedding and clothing were disinfected. All pilgrims were vaccinated and inoculated against small-pox and cholera respectively.

(*b*) *Inward Pilgrim Traffic.*—During the year 5,134 pilgrims arrived from Jeddah in 11 vessels between the period from 14th March 1937 to 7th September 1937. Two vessels had on board cases of infectious diseases on arrival. The number of deaths during the voyage of these vessels was 29, mostly due to dysentery and general debility.

5. *Inspection of Provision for Lascar crews.*—The Port Health Department, Bombay, during the year under report carried out 433 inspections of lascars' provisions with the result that 40 samples of ghee, 1 of flour and 2 of coriander were taken of which 14 of ghee, 1 of flour and 2 of coriander were condemned by the Chemical Analyser and replaced by the Shipping Companies.

6. *Vaccinational State of Passengers and Crews.*—Among 10,324 European crew of 401 cargo vessels, 1,053 or 10·19 per cent. were found to be unprotected or insufficiently protected whereas all European crew of 39 passenger ships were found to be protected against small-pox. Among 27,396 local passengers on 197 ships, the number of unprotected or insufficiently protected passengers against small-pox was 1,461 or 5·3 per cent. Out of the total number of passengers (viz. 27,396) 2,462 failed to produce vaccination certificates at the Medical Inspection.

7. *Sanitary State of the Harbour and Foreshore.*—The sanitary state of the harbour and of the various bunders and docks generally was good throughout the year.

8. *Income and Expenditure.*—The following table shows the income and expenditure of the Port Health Department, Bombay, during 1937-38 :—

(*b*) (1) Bapat Municipal Dispensary, Dhulia, and (2) Municipal Free Dispensary at Bijapur newly added to the report, (3) New Tuberculosis Dispensary opened at Lalbaug in Bombay, (4) New Tuberculosis Dispensary opened at Colaba in Bombay.

(*c*) (1) New Municipal Dispensary opened at Dohad in Broach and Panch Mahals District, (2) New Dispensary opened at Shendurni in East Khandesh District.

(*d*) District Local Board Dispensary at Dohad in Broach and Panch Mahals District closed.

(*e*) Dhond Dispensary in Poona District opened for Government servants only.

(*f*) Dispensaries of N. W. Railway omitted as they are no longer in this Province.

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.
